

Canine Alert Search Team is a not-for-profit 501(c)(3) charitable organization formed in 2005. Our mission is to provide, at no cost, highly trained search and rescue canine teams for New Hampshire's Fire and Police agencies within Hillsborough and Cheshire Counties. Our primary area of expertise is in using our teams in a wilderness environment to locate lost and missing people. Team members are required to have MLPI, ICS/NIMS, SOLO Wilderness First Aid, CPR, and FUNSAR.

In addition to the fieldwork, we have a second high priority aspect to our team. We embrace the belief that we have an educational responsibility to the communities that we serve. Every year we and our dogs go to schools, scout troops, dog shows, fairs, church groups and the like to help educate the public about all aspects of Canine Search and Rescue. Our audiences number from just a few to several hundred people.

Canine Alert Search Teams is comprised entirely of volunteers and does not receive any state or federal aid or funding. All expenses associated with training the dogs and their handlers to be ready for any search scenario are paid by the volunteers of C.A.S.T., and those expenses can be quite overwhelming. You can help by sponsoring a dog through our baseball card program and advertise your business for a nominal cost of \$400/year. [See sample below]
